Tankless Water Heater Rebate Terms and Conditions

- 1) The tankless water heater you are requesting a rebate for must be a new natural gas tankless water heater and not originally a liquefied propane tankless water heater that has been converted or modified to utilize natural gas.
- 2) The tankless water heater must be installed by a State of Alabama Certified Natural Gas Fitter or Certified Plumber in accordance with the International Fuel Gas Code.
- 3) The rebate form must be completed by you and your installing contractor.
- 4) You must include with the rebate form a receipt for the purchase of the tankless water heater and an installation receipt from the contractor that installed the tankless water heater.
- 5) The Utilities Board of the City of Oneonta may require a physical verification of the tankless water heater installation. If so, a Utilities Board representative will contact you to set up a meeting at the location of the installed tankless water heater.

By signing below you acknowledge and confirm that you have read and accept the terms and conditions for this rebate.

Tankless Water Heater Tax Credit

You can get a tax credit of 30% of the cost, up to \$1,500 for an Energy Star qualified natural gas tankless water heater. For tax purposes, you must keep the Manufacturer's Certification Statement and the appliance receipt. For more information visit: www.energystar.gov or consult your tax advisor.

The 30% tax credit plus our \$300 tankless water heater rebate will greatly help you to recover the up-front cost of purchasing a new tankless water heater. Also, when you figure in never-ending hot water and lower energy bills to operate a natural gas tankless water heater, the value keeps adding up.
